Dad ♥

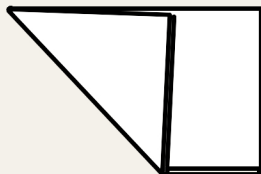

5

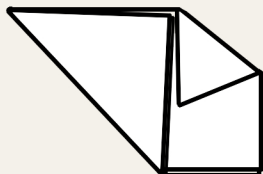

Take the point at the left end of your paper and fold directly across.

6

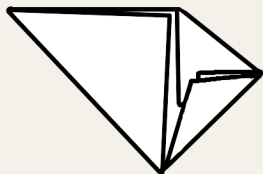

Fold the bottom left corner upward.

7

Take the top right corner and fold it down to meet the edge of the triangle.

8

If you press down on the top right edge of the triangle, you'll notice the pocket that has been made in your triangle. Fold the smaller triangle on your right side into that pocket.

You did it!
